of neck and nasopharynx 12
Contamination
aluminium levels in infant formulae 9
Contrast studies
inappropriate use (Letter to the Editor) 230
inappropriate use — reply (Letter to the Editor) 230
Convulsion
and fever following hepatitis B vaccination (Letter to the Editor) 65
Corporal punishment
in schools, Australian College of Paediatrics Policy Statement 71
Cri-du-chat syndrome
phenotype and 5p deletion 152
Cryoablation
for ventricular tachycardia in infants 95
Cyclopentolate
and seizures 106
Cyst
congenital labial 104
Cystic fibrosis
cellular electrolyte transport (Review) 126
malnutrition and psychosocial functioning in 36
newborn screening, false results 150
tobramycin for infections (Letter to the Editor) 110

D

Data capture, computer
on physical examination of children 217
Deaths, post-injury
review of 25
Delinquency
in sexually abused adolescents 22
Developmental disabilities
and alternative therapies (Editorial Comment) 188
Dexamethasone
for bacterial meningitis (Annotation) 311
Diagnosis, ultrasound
of urinary tract abnormalites 142
Dialysis
and transplantation in children 276
peritoneal, hyperglycaemia complicating haemolytic uraemic syndrome 225
Diet
in weight control by adolescents 41
Digoxin
in renal and hepatic impaired neonate 164
Dilatation, posthaemorrhagic ventricular
in preterm infants 271
Diptheria-tetanus-pertussis vaccine
antibody response in young children 46
Discriminant analysis
of cholestasis 132
DNA technology
and ethics (Annotation) 177
Down syndrome
and cell therapy 197
Drash syndrome 227
Drug toxicity
seizures from cyclopentolate 106
Dysmorphism
management of (Annotation) 69

E

Eating behaviour
in weight control by adolescents 41
Education
of children with renal failure 276
Electrolytes, cellular
in cystic fibrosis (Review) 126
Emotional disorders
and enuresis in adolescents 75
Endemic MRSA
in a special care baby unit 160

Endstage renal failure
dialysis and transplantation in children 276
Enuresis
and psychopathology in adolescents 75
Envenomation, fatal
from hornet stings 283
Epidemiology
growth, behaviour and health in disadvantaged children 136
of playground equipment injuries 329
Epithelial secretion
in cystic fibrosis (Review) 126
Escherichia coli
neonatal Gram negative meningitis 212
Ethics
and genetic technology (Annotation) 177
Examination
of children, computer data capture on 217
Extracorporeal membrane oxygenation
for non-ECMO centres 263
transport of infants for (Letter to the Editor) 286
Extrahepatic cholestasis
discriminant analysis of 132

F

Facial features
managing dysmorphic children (Annotation) 69
Family environment
and health, growth and behaviour 136
Femur fracture
with metaphyseal chondrodysplasia 148
Fever
and convulsion following hepatitis B vaccination (Letter to the Editor) 65

G

G banding
5p deletion in Cri-du-chat syndrome 152
Ganglion cells
in colonic mucosa 280
Genetic technology
and ethics (Annotation) 177
Glomerulopathy
with pseudohermaphroditism and Wilm's tumour 227
Glycerin-induced haemolysis
and haemofilter use (Letter to the Editor) 166
Gonadotrophin-releasing hormone
for central precocious puberty 4
Gram negative meningitis
in neonates 212
Growth
Oxandralone and height in Turner syndrome 221
nutrition in chronic arthritis 335
of children with renal failure 276
Growth hormone
contemporary issues (Annotation) 122
Growth patterns
in Aboriginal children 192
in disadvantaged children 136

H

Haemofilter
and glycerin-induced haemolysis (Letter to the Editor) 166
Haemolysis
from multiple hornet stings 283
glycerin-induced, and haemofilter use (Letter to the Editor) 166
Haemolytic disease
in jaundiced neonates 155
Haemolytic uraemic syndrome
hyperglycaemia complicating 225
Haemophilus influenzae, Type b vaccine
Australian College of Paediatrics Policy Statement 190
antibody response in young children 46
Haemorrhage, periventricular
in Chinese preterm infants 271
Headache activity
in children and adolescents 50
Health services, school
in Australia 244
in Australia (Editorial Comment) 242
Heart
hydropic infant with congenital block 158
Height
effect of Oxandralone on, in Turner syndrome 221
Hepatic impairment, neonatal
digoxin level in 164
Hepatitis B
immunoprophylaxis in neonates (Letter to the Editor) 108
vaccination, convulsion and fever following (Letter to the Editor) 65
Hepatotoxicity
from hornet stings 283
HIB vaccine
Australian College of Paediatrics Policy Statement 190
antibody response in young children 46
Hirschsprung's disease
associated anomalies 351
Hormone analogue treatment
for central precocious puberty 4
Hormone, human growth
contemporary issues (Annotation) 122
Hornet stings, fatal 283
Human immunodeficiency virus
zidovudine therapy for infected children 257
Human rights
of children (Annotation) 1
Humidity, ambient
and breast-milk intake 347
Hydrops fetalis
with congenital heart block 158
Hyperactivity
in Smith-Magenis syndrome 17
Hyperglycaemia
complicating haemolytic uraemic syndrome 225

Hyperkalaemia in extremely premature infants 58
Hypoxia
extracorporeal membrane oxygenation for non-ECMO centres 263

I

Incessant ventricular tachycardia in infants 95
Infant formulae
aluminium levels in 9
Infants
ECMO for non-ECMO centres 263
climate and breast-milk intake 347
sleep patterns 85
ventricular tachycardia in 95
Infection
endemic MRSA in special care baby unit 160
neonatal
C-reactive protein measurement in diagnosis of 267
control policies in Australia 252
Gram negative meningitis 212
Inhaled antibiotics
for infections in cystic fibrosis (Letter to the Editor) 110
Injuries
in schoolchildren (Editorial Comment) 314
in 14 and 15 year olds 316
playground equipment, epidemiology 329
post-trauma management 25
unintentional, to students 323
Insulin deficiency
complicating haemolytic uraemic syndrome 225
Intensive care
extracorporeal membrane oxygenation for non-ECMO centres 263
Intrahepatic cholestasis
discriminant analysis of 132
Intramucosal ganglion cells 280
Intraperitoneal prolapse
in intussusception 99
Ion transport
in cystic fibrosis (Review) 126
Ipratropium bromide
in acute asthma (Annotation) 124

J

Jaundice, neonatal
ABO haemolytic disease in 155
Juvenile chronic arthritis
nutrition in 335

K

Karyotype
and phenotype in Cri-du-chat syndrome 152

L

Labial cyst, congenital 104
Lactation
influence of climate on 347
Learning difficulties
and sensory integration 31
Leucocyte adhesion molecules (Annotation) 237
Leucoencephalopathy
and cell therapy 197
Leucomalacia, periventricular
in Chinese preterm infants 271
Low birthweight retinopathy 205
Luteinizing hormone-releasing hormone analogue
for central precocious puberty 4
Malnutrition
in cystic fibrosis 36

M

Management
of asthma, international guidelines for 72
of cerebral palsy (Review) 184
of dysmorphic children (Annotation) 69
of hydropic infant with congenital heart block 158
of primary vesico-ureteric reflux (Annotation) 177
post-trauma 25
Mechanical ventilation
of paediatric asthma patients 343
Meningitis
bacterial, dexamethasone for (Annotation) 311
Gram negative, in neonates 212
Metaphyseal chondrodysplasia
with proximal femur fracture 148
Migraine
in children and adolescents 50
Milk, breast
influence of climate on intake 347
Morbidity
and socio-economic status and family environment 136
of Aboriginal children, Bourke 80
Mortality
and socio-economic status and family environment 136
ECMO for non-ECMO intensive care nurseries 263
of Aboriginal children, Bourke 80
transport of infants for ECMO (Letter to the Editor) 286
MRSA
in special care baby unit 160
Mucus ascites
and double prolapse in intussusception 99
Multiple stings, fatal
from Vespa orientalis 283
Myocardial perforation
complicating cardiac pacing 158

N

Neck
and nasopharynx, congenital teratoma of 12

Neonatal infection
control policies in Australia 252
C-reactive protein measurement in diagnosis of 267
Neonatal withdrawal syndrome
non-narcotic (Letter to the Editor) 110
Neonates
and hepatitis B vaccine (Letter to the Editor) 108
glycerin-induced haemolysis and haemofilter use (Letter to the Editor) 166
Gram negative meningitis 212
jaundiced, ABO haemolytic disease in 155
renal and hepatic impaired, digoxin level in 164
ultrasound for urinary tract abnormalities 142
Neuronal intestinal dysplasia 280
New Zealand
sleep patterns of infants 85
weight control by adolescents 41
Newborn screening
for cystic fibrosis, false negative results 150
Non-ECMO centres
ECMO for 263
Nuclear scan
for antenatal uropathies 142
Nutrition
and psychosocial functioning in cystic fibrosis 36
in children with arthritis 335

O

Oesophageal atresia
and recurrent fistula 89
Organ weights
of Australian fetuses and infants 101
Oxandralone
and height in Turner syndrome 221

P

Packaging information
on whooping cough vaccine (Letter to the Editor) 65
Paediatric post-injury management 25
Palpation
and test feed for pyloric tumour (Letter to the Editor) 231
Percutaneous catheter drainage
and ultrasound for pyogenic hepatic abscess 92
Peritoneal dialysis
hyperglycaemia complicating haemolytic uraemic syndrome 225
Periventricular haemorrhage
and leucomalacia in Chinese preterm infants 271
Pertussis vaccine
and brain damage (Annotation) 240
Phenotype
and karyotype in Cri-du-chat syndrome 152
Physical examination
of children, computer data capture 217
Playground equipment injuries 329
Policy
Australian College of Paediatrics Policy Statement
corporal punishment in schools 71
vaccine for *Haemophilus influenzae* Type b 190
on neonatal infection control in Australia 252
Post-injury management
review of deaths 25
Posthaemorrhage ventricular dilatation
in Chinese preterm infants 271
Potassium levels
hyperkalaemia in extremely premature infants 58
Precocious puberty
Buserelin treatment for 4
Premature babies
C-reactive protein measurement in infection diagnosis 267
cerebral blood flow velocity patterns in 55
Chinese, periventricular haemorrhage, posthaemorrhagic ventricular dilatation and periventricular leucomalacia in 271
hyperkalaemia in 58
retinopathy in 205
Preschool children
growth, behaviour, health, socio-economic status and family environment 136
Primary vesico-ureteric reflux (Annotation) 180
Prolapse, double
in intussusception 99
PRP vaccine
antibody response in young children 46
Pseudohermaphroditism
with glomerulopathy and Wilm's tumour 227
Pseudomonas aeruginosa
tobramycin for in cystic fibrosis (Letter to the Editor) 110
Psychopathology
and enuresis in adolescents 75
Psychosocial adjustment
and nutrition in cystic fibrosis 36
Pulmonary stenosis
with hydrops fetalis and congenital heart block 158
Pyloric tumour
test feed with palpation for (Letter to the Editor) 231
Pyogenic hepatic abcess
diagnosis and treatment 92

Q

'Quack' remedies
cell therapy 197
Questionnaire
on asthma knowledge, validation of 200

R

R banding
5p deletion in Cri-du-chat syndrome 152
Radiograph, chest
in acute bronchiolitis 209
Recombinant DNA technology
and ethics (Annotation) 177

Recurrent tracheo-oesophageal fistula 89
Reflux
primary vesico-ureteric (Annotation) 177
Regional cerebral blood flow
velocity patterns in the newborn 55
Relapse
in neonatal Gram negative meningitis 212
Renal failure
from hornet stings 283
Renal impairment, neonatal
digoxin in 164
Renal transplantation
and dialysis in children 276
Renal ultrasound
for urinary tract abnormalities 142
Retinopathy
in low birthweight babies 205
Rhabdomyolysis
from hornet stings 283
Royal Australasian College of Surgeons
and Australian Association of Paediatric Surgeons Annual and General Scientific Meeting 355
